D.tec International Ltd. PO Box 914 Preston, PR4 9BE.

Strengthening *Operational Excellence* Through Comprehensive Drug & Alcohol Testing

Stephen Sanderson Transport, a family-owned logistics provider, successfully implemented D.tec International's DrugWipe solution in 2023. They wanted to take proactive steps to **protect their team** and ensure a safe and professional working environment.

Rapid Results

Complete testing process in just 5 minutes with clear, easy-to-read results that require no interpretation

No Electronic Reader Required

Unlike competitors, DrugWipe delivers accurate results without electronic readers, calibration, or maintenance equipment

Implementing a successful drug and alcohol policy has:

- ✓ Enhanced operational safety
- ✓ Strengthened market position through enhanced safety standards
- ✓ Sharpened competitive edge
- ✓ Reinforced accreditations

These enhancements hold **significant importance, especially with blue-chip clients**. After a comprehensive three-month consultation period, they achieved implementation with minimal operational disruption.

Award-winning, family-owned logistics provider with a strong reputation for quality, reliability, and customer-centric solutions
